Welcome to your Fundraising Everywhere event! Through our chatboxes and networking rooms, you'll be able to connect with other fundraisers, event speakers, and FE team members to find community, ask questions, get support, and maybe even some new opportunities!

We encourage you to use the chat boxes and networking rooms at our events to get the most of this event and the opportunities it provides.

To make sure everyone has a positive, safe, and inclusive event experience, we've put together these simple guidelines. Please follow them to help us create a safe, welcoming, and supportive environment for all attendees.

1. Be Respectful and Kind
   Treat everyone with respect. Be kind, considerate, and avoid language or actions that could hurt or exclude others.

2. Support the speakers
   We welcome and support speakers at various stages of their career and speaking experience, please be mindful when sharing public thoughts or feedback and be aware that they will see your comments in the chat.

3. Celebrate Diversity
   We value and welcome people from all backgrounds, experiences, and identities. Hate speech, discriminatory language, or behaviour of any kind will not be tolerated.

4. Keep It Professional (and Friendly!)
   We love a good conversation, and this is a space for professional learning and networking. Please avoid offensive jokes, inappropriate comments, or anything that wouldn't belong in a respectful workplace.

5. Share Thoughtfully
   Feel free to ask questions, share ideas, and contribute to discussions. Just make sure your comments are relevant and add value to the conversation.

6. Protect Privacy
   Do not share anyone's personal information, including contact details or stories, without their consent. This includes private messages sent during the event.

7. No Spam or Self-Promotion
   We're here to connect and learn together, not to sell to each other. Please avoid posting irrelevant links, excessive self-promotion, or spam.

8. Keep Your Access to Yourself
   If you are accessing the event as a ticketholder or individual member, your ticket, joining link, and membership login are just for you. Please don't share them with teammates or forward your access details on. Every registration and membership helps us keep running affordable events and paying our speakers. If a colleague would love to join, we'd love to have them! Get in touch at hello@fundraisingeverywhere.com and we can help with additional tickets or discuss team membership options.

9. Report Issues and share feedback
   If you see something that doesn't sit right, let a member of the Fundraising Everywhere team know. We're here to help and ensure this is a safe space for everyone. You can tag an FE team member in the chat or email us a hello@fundraisingeverywhere.com.

By participating, you agree to follow these guidelines. We reserve the right to remove any comments or participants that do not align with these values. Let's make this an event that inspires and connects us all!
